REPORT OF THE TRUSTEES OF INGALLS MEMORIAL LIBRARY

For the Year Ending December 31, 1951

First of all, we wish to thank all the townspeople who helped so generously with the Thrift Sale held at the Library during the summer months and the young girls who gave their time to selling and assisting in so many ways. We took in $108.38 with expense of less than $15.00 for extra lighting and supplies. All of the money was used to buy books. This, with that part of the regular income budgeted for that purpose, permitted us to spend over $200.00 for books and magazines.

Works of art which are in the Library, and which many people had never seen, have been placed on exhibition and are changed often to show the collection, which is valuable. The electrically operated stereoptican with views from all over the world, given by Miss Mary L. Ware many years ago, has been placed where it is available to both children and adults at all times. The Library, during the school year, is now open three afternoons weekly, to give both children and teachers maximum service.

All this, with the newly formed Discussion Group for adults, which meet in the Symonds Room regularly has made interest in the Library extremely active and we believe from a standpoint of service to the Town the past year has been one of the best we have ever had.

We take this opportunity to thank all those who have given books and magazines; to Mr. Arthur St. Peter for his assistance in opening two long closed and locked doors, as well as all those who have helped in so many ways. Mrs. Gray and Mr. Crowell have worked hard to achieve the results that have been so apparent all through the year.

HARRIS H. RICE,
HARRY E. SHERWIN,
MARY E. SHEPHERD,
Trustees.

During the past year the library work has been carried on with the idea of making it a place of activity for both adults and children.

Several organizations have chosen it for their meetings. Teachers and children have used it freely, both for study and recreation.

I wish to express my gratitude to the many friends whose generosity made the Thrift Shop a success. A substantial sum was realized which was used to purchase books.

Many books and magazines have been donated by persons interested in the library, and to them also, I extend my thanks.

I gratefully acknowledge the assistance of the library trustees, as well as that of Miss Danforth and Mr. Crowell.

Respectfully submitted,

CARRIE S. GRAY,

Librarian.

B. ADMINISTRATIVE POLICY

In order to obtain competent personnel to perform two highly important services, taking care of the school building and handling the transportation of the pupils, one person is being employed full-time to handle both of these responsibili-

ties. The plan is working very satisfactorily, as the building is being properly cleaned and maintained, as is the bus, the pupils are well supervised while being transported, and the bus is being operated with proper regard for safety.

Due to the much larger enrollments in the lower grades than in the upper, the grades this year could not be divided evenly to give each teacher two grades. Half of the second grade has been placed with the first grade, and half with the third, and the fourth and fifth grades have been grouped together as have the sixth, seventh, and eighth grades. This gives twenty in the first room, twenty-five in the second room, and twenty-seven in each of the other two rooms.

The high morale of our new school is evidence that the search for a competent teaching staff has been highly rewarding. A school is more than a building, no matter how beautifully designed or lavishly equipped. A school is a living, feeling, growing spirit, drawing life from the daily triumph of boys and girls in an encouraging atmosphere created by friendly, understanding teachers and a forward-looking, interested lay public working in full co-operation. The Rindge Memorial School is fortunate indeed in having these qualities in such full measure.

B. PROGRAM AND METHODS

Although the reading system in use in the Rindge schools during the past five years is generally recognized as the most successful of any in the country, the publishers carefully revised and improved the 1951 edition of the first grade material. This new edition is being used this year as the basic system, and the old edition is being used as supplementary material.

In order to adapt the local program in the social studies to the new program recommended by the State Office of Education after several years of co-operative work by the leading social studies teachers in the State, a new series of textbooks is now in use, and several new wall maps and two new globes have been purchased.

In order to meet reasonable present-day standards of instruction in the school in keeping with the fine new building we now have, considerable attention should be given to obtaining more modern instructional aids, such as a movie projector, film strips and projector, records and record- or transcription-player, duplicator, typewriter with large type for little people, reference and library books, more maps and another globe.

RINDGE MEMORIAL SCHOOL

During the year 1951 your Memorial School Building became an accomplished fact. A short history of the undertaking may prove interesting.

The School Board began discussing the need for a new school at about the same time the Planning Board did in 1944. Douglas Sloan began the initial drive to arouse public interest and get rough plans.

At the July 16, 1946 School District meeting your Building Committee was appointed and shortly thereafter your Chairman was authorized to apply to the Federal Works Agency for $1,500.00 for the purpose of having formal plans prepared.

At about this time the matter of a site came up and Sidney B. Fitzgerald and W. B. Coates Jr., were appointed a committee to canvass all suitable and available sites, with the result that the present plot was purchased from Mr. and Mrs. James F. Allen for $800.00, which sum was donated by Mr. and Mrs. Douglas Sloane for this purpose.

Anyone may read the articles and minutes of the regular and special Town and District meetings held between March 1946 and September 1949 and get a fairly good idea of the obstacles and hurdles that hampered the accomplishment of this project.

Probably no factors will be of greater aid to the general health of your children than the improved lighting in the class rooms, the inside lavatories and toilets and the kitchen facilities for the hot lunch program. These things are impossible to evaluate in terms of dollars and cents.

The laying out, grading and seeding of the grounds and playground now become one of the major projects to keep in mind. Any program should have the ultimate use of this area as a community recreational center, as its goal, the area being

of sufficient size for layout of a regulation ball park, tennis courts, badminton courts, etc. With a suitable endowment, a central swimming pool might easily become a reality.

An item of interest may be the fact that the Building Funds earned a credit of $3,228.32 while waiting for and during construction and the donated funds likewise earned $623.05.

Grateful acknowledgment is hereby made to all those citizens, summer residents, and other friends, whose generosity and co-operation made this Memorial possible.

Respectfully submitted,
MEMORIAL SCHOOL BUILDING COMMITTEE.
By Wallace B. Coates Jr., Chairman.
Raymond W. Ford
John F. Pangborn
Harold H. Rice
Douglas Sloane
Douglas B. Coates, ex officio.
